

2/259 Paanu

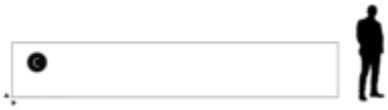

Tell me more

PAANU is part of the FORM FOLLOWS FABRICATION collection. Our Fabrication Collection celebrates the art of forming and shaping, bringing together the essence of centuries-old craftsmanship and cutting-edge technology. Explore the story behind it in the accompanying lookbook.
PAANU is the Finnish word for shingle and is a structure that transfers the principle of the shingle façade to concrete façades, right down to the smallest wooden fibre. The depth of detail that can be achieved in this way is particularly remarkable.
